

Here's How:

Use the Nebraska Broadband Map

In the dark box with the white text, **Welcome...** Click the small box **I have read**
Then click on **Continue** when it appears

To find your current available Broadband service providers:

- Enter the **Address, City, and ZIP** in the designated boxes
- Click on **Find Address**
- A list of current Providers will appear
- Click on the **Provider** to see services they provide and get their website address.
- You can then contact the Provider for more information.
